

HAPPY HCS-1201

Voyager is a 12-needle, single-head embroidery machine that's at home in craft/sewing rooms just as much as it is in an office or production shop.

Amazingly quiet, surprisingly affordable, yet built to take on big sewing jobs.

ADDITIONAL FEATURES

- Networkable - capability built in to each machine
- Accepts popular 3rd-party hoop & clamp systems for great sewing flexibility
- Surprisingly quiet operation
- Holds up to 99 designs or 259,000 stitches
- Limited 5-year warranty
- Built-in lettering, holds 99 designs
- Match to HAPPY hoops or custom hoops on screen

Memory Card

Compact Flash memory card slot - accepts up to 1Gb cards.

Connection Ports

Serial, USB and LAN ports. Networkable!

Bobbin Winder

Built-in - runs independently of the machine sewing.

Durable Construction

Die cast metal frame, powerful drive system for long life.
